AX-360

Smart P2P IP Camera for Home Security & Smart Home

AX-360 is a megapixel IP camera integrated with video surveillance and alarm system. This camera supports WiFi for easy network connection and can deliver high quality 720P video. It comes with IR Cut filter and IR LED to realize 24 hours day & night monitoring.

This camera supports 2-way audio intercom with an embedded microphone and speaker. It supports D-WDR (digital wide dynamic range) function to improve the quality of video. Besides, there is a micro SD (TF) card slot for on-board video storage (Max. 32G).

It supports P2P and push video function. Once an alarm occurs, users can receive push alert and watch real-time video in cellphone app. It is also very convenient for user to check recording videos from our cloud.

AX-360 can work with maximum 32 channels external wireless security accessory like gas detector, CO detector, Smoke detector, Door sensor, etc. User can easily DIY an useful surveillance and alarm system, setting up versatile video alarm linkage network. It is also compatible with our smart IR remote controller, which allows user to remotely control household electronic equipments like air-conditioner, television and lock through cellphone. AX-360 is an ideal IP camera for home security and smart security.

Features :

P2P Cloud Connection, no need DDNS

Play and Plug IP camera, fast device configuration by Microwave

360 degree rotation angle for any direction

Two-way audio communication

Supports Micro SD card for local storage

Supports 32 channels alarm signal input and smart home control

Featured Functions

PIR Human Motion Detection
If any intruder is detected,
camera will give alert and start to record.

Wireless Video and Alarm System
A range of security detectors are compatible with the IP
camera to realize real−time video and alarm monitoring.

P2P cloud and Push Video
If any alarm is occurs, user will receive an Push alert and
click to alarm video right away through Ansee Cloud.

Smart Home Control
The IP Camera is compatible with Ansee IR remote
controller, allowing user to remotely control household
electronic equipments through cellphone.

Specifications

Model Name		AX360
Image Sensor	Sensor	1.3MP CMOS Sensor
	Lens	f=3.6mm, F=2.0
	Angle	70 degree
Video	Video Format	PAL & NTSC
	FPS	25
	Resolution	1280*720, 640*360
	Video output	H.264 dual stream
	White Balance	Auto
	Backlight Compensation	Auto
	IR Distance	Around 10M
Audio	Input/Output	Embedded Microphone and Loudspeaker
	Audio Compression	SPEEX (8KHz or 16KHz)
Network	Wi−Fi	Supports IEEE 802.11b/g/n protocol, Supports wireless security standards: WEP (40bit/ 128bit), WPA (AES), WPA2 (AES),OPEN
Alarm	Wireless Alarm Input	915MHZ/FSK Two−way;Valid Distance ≥ 30M (open area); Max. 32 channels
	PIR Motion Detection	High Sensitivity, valid 6m distance, valid angle 60 degree
	Alarm File Format	JPG
	Alarm Alert	APP Push
Device Working Status Indication	Network disconnected	Yellow LED @ Normal On
	Network Setting in process	Yellow LED @ Slow Flash
	Arming	Red LED @ Normal On
	Disarming	Green LED @ Normal On
	RF Delivering Data	Green LED @ Fast Flash
	Watching Real−time Video	Red & Green LED @ Slow Flash
Hardware Interface	Power	5V 1A DC or Micro USB port,Power Consumption ≦ 5W
	Reset	1
	Micro SD Card Port	2.0 @Max. 32G
Working Environment	Temperature	−5℃ ~40℃
	Humidity	35% ~45%
	Storage Temperature	−40℃ ~70℃
General Info.	Measurement (L*W*H)	104*65*41mm
	Net Weight	0.3KG

Product interface description

Micro SD card slot ⑨

④ Microphone

③ 3.6mm Lens

Light Resistor ⑤

② IR Lamp

Loudspeaker ⑥

① PIR Motion Detection Module

LED Indicator ⑦

Reset Button ⑧

5V 1A DC Input & Micro USB port ⑩

Optional Accessories

IR Motion Detector

Door Sensor Detector

Fuel Gas Detector

CH2O Detector

Smoke Detector

CO Detector
